

REMARKS

Claims 1-10 and 19-22 are pending. The IDS filed on April 3, 2006 correctly contained only one sheet. The numbering on the document was erroneous. On the drawing rejection, Figure 7, for example, illustrates a detector 725 according to the present invention and paragraph [0057] describes an example of a detector as a camera or CCD camera. Claim 11 has been amended to overcome the §112 rejections, and claim 19 has been amended to overcome the §112 rejections and §101 rejections. Applicants believe the pending claims are all in condition for allowance. Consideration of the pending claims is requested.
